SUMMARY

I am a highly motivated and skilled student seeking a junior developer role. With a strong foundation in programming languages such as Java and C++, as well as proficiency in application development, configuration management, and database design, I am confident in my ability to make a meaningful contribution to your company. I am ambitious and excited to gain valuable industry experience, continuously learn and adapt to new technologies and methodologies, and work effectively in a team with strong problem-solving skills and excellent communication. I am confident that my skills and dedication make me a valuable asset to your team and am excited to join your company as a junior developer.

EXPERIENCE

ActivCard Enterprise Pty Ltd
